For the second month in a row the **Special Award for MOST FLIGHTS** goes to **Justin Perry with 9 flights!**

Curtis Reynolds Nike Smoke on a B6-4.

Gus Piepenburg's Mirage on a G80.

Dave Porter with his PML Phobos he used for his successful Level 1 attempt. Congrats Dave!!

Getting the launch field ready. We are proudly displaying our new Tripoli banner given to us by the organization.

Randy Milliken's 12" Saucer on a H100 Spitfire.

Justin Perry's Partiot on a C6-5

Brian Perry's Patriot on a F50.

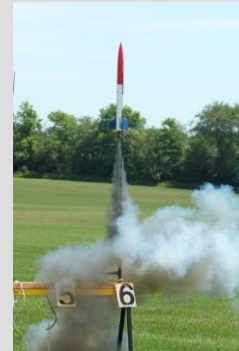

Brian Perry's Patriot after its second flight...yes in a tree.

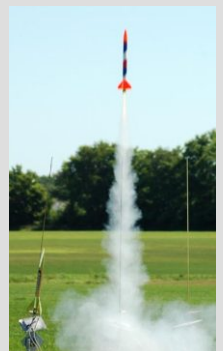

Braden Haley's Der Red Max on a B6-4

Braden Haley's 20 year old Honest John.

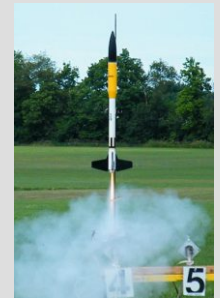

Dave Porters Loc Arua on a F22 Blackjack

Kenny Miller's Zero-G on a B4-4.

Randy Milliken's Wildman Jr. on a G69 Spitfire.

Justin Perry's Lil' Hustler.

Carl Kruger getting his Executioner ready for a flight.

Ken Miller helping his sons load thier rockets on the pads.

Notable Flights:

Brian Perry's Scratch built Patriot on a F50 and then on a H165 Redline. Sadly, it now resides in a tree. :-)

Gus Piepenburg's Mirage called Splatter made multible flights in several different configurations all on G80's.

Curtis Reynolds flew his c\scratch built Crayon rocket on a G71 to test for a future Level 1 flight.

Braden Haley flew a 20 year old classic Estes Honest John on a A8 motor.

Randy Milliken's had his rocket called "Everybody Duck" take flight on a G76. His Wildman Jr on a G69 Spitfire, a 12" saucer on a H100 Spitfire, and a 29mm saucer on the second H165 for the day.

Dave Porter's flew his scratch AMRAAM on a G71R and Had a seccessful Level 1 attempt with his PML Phobos on a H123 White Lightning. **Congradulations Dave! Welcome to High Power!**

Although we only had 10 flyers this month, we had over 50 flights in one day! Thanks to the light winds, we also had our first H flights on the sod. We were happy to see some new flyers and also a few spectators that stopped by to watch. A few said they will be by next month to fly a few.

The next launch is scheduled for August 15th and 16th at Purdy Sod Farm Class 1 rockets only. (Up to 3.3 pounds and 125 grams of propellant almost all H motors are ok so Level 1 certifications ARE permitted).

See you on the field!
